Meeting Agenda

- 1. Lunch (bring your own) and welcome.** Elise Huebner, WCCHD
- 2. ArcGIS Pro - The Evolution of Desktop GIS.** Michael Beavers, Solution Engineer - Esri
ArcGIS Pro is a new App in the ArcGIS platform. Alongside ArcGIS Desktop, Pro is evolving as an essential desktop authoring application. ArcGIS Pro provides tools to visualize, analyze, compile, and share your GIS in 2D & 3D. It makes the GIS functionality you most often use easy to access so you can get your work done faster without a steep learning curve. In this session, I will highlight the core features available in ArcGIS Pro. During the interactive 45 minute presentation, I will show the attendees Pro's interface and basic functionality.
- 3. Williamson County GIS Day and other activities.** Group discussion
- 4. Set next meeting Date and Adjourn.** August 6 @ Georgetown Library
