### Agenda

1. **Lunch (*bring your own*) and welcome** - Richard McEntee, City of Cedar Park
2. **TNRIS – USGS 3DEP LiDAR Project** - Joey Thomas, Texas Natural Resources Information System  
The 3D Elevation Program (3DEP) initiative is being developed to respond to growing needs for high quality topographic data and a wide range of other three-dimensional representations. Joey Thomas will bring us up to date on TNRIS activities in support of the overall project.  
Joey Thomas is an Elevation and Data Specialist at TNRIS. He is a 2010 UT-Austin graduate in Hydrogeology and Environmental Sciences and has been with TNRIS since starting as an intern in 2007. He currently manages the TNRIS research and distribution center, StratMap LiDAR, and USGS National Hydrography dataset projects
3. **Agency Roll Call** – Round robin update from steering committee members, other agencies, and visitors
4. **2016 events discussion** – Solicitation to the membership for field trips, workshops, GIS Day planning, happy hour/lunches, and any other potential WCGISC events
5. **Meeting format discussion** – Ideas for additional meeting agenda items, topics, format adjustments
6. **Set next meeting Date and Adjourn**
